

MULTI SURFACE SANITIZER* / CLEANER

Sanitizing detergent* specific for the daily cleaning and maintenance of all hard washable surfaces and for places with domestic animals.

SURFACES

Marble, granite, ceramic tile, parquet, LVT (luxury vinyl tiles), laminated and linoleum surfaces.

FEATURES

pH neutral sanitizing detergent* for a guaranteed, deep cleaning of material without damaging or leaving surface residues and streaks. Cleaned surfaces maintain a long lasting pleasant intense fresh scent. Due to its controlled foam formula, surface does not require rinsing and allows the product to be used also in walk behind or automatic floor scrubbers.

HOW TO USE

For deep periodic cleaning and sanitizing*: dilute 80 ml to 1lt of water. For daily cleaning and sanitizing*: dilute 20 ml to 1lt of water. Wash the floor using traditional wet mop system, Micro fibre or cotton towel. No rinsing required. Allow to dry completely.

1 cap = 10ml

ADVANTAGES

Hygienic action*, perfumed, pH neutral product does not require rinsing. Product does not leave surface streaks or residues. Contains: quaternary ammonium salts.

ADVICE

Low VOC content (reference EU regulation of 2010/75/UE) of 0,30%. Do not over use.

*Sanitizing action is guaranteed by the mechanical action (friction) of the cloth over the surface

CHEMICAL PROPERTIES

ASPECT: Liquid

COLOUR: Blue

ODOUR: Fresh

SOLUBILITY: Soluble in water

PH: 7,00±0,50

INDICATIVE COVERAGE FOR LITRE

Approx 1200-1500m²

Product coverage may vary depending on type and porosity of material where used
