

BEVELING AUXILIARY BASE

Transforms any polisher or grinder into a precision straight and beveled edge polishing tool!

Beveled Edge

Many customers who polish straight and beveled edges have been waiting for the replacement of the Alpha® EdgeCrafter that was discontinued years ago. Introducing, the Beveling Auxiliary Base that turns any polisher or variable-speed grinder into a precision straight and beveled edge polishing tool. Whether the edges are being prepared for a seamless countertop installation, or to give a “fancy” Hollywood Bevel as the edge treatment, the Beveling Auxiliary Base will provide a secure polishing angle (between 15° to 90°). The installation and dismantling is quick and easy so the same tool can be used for many other applications.

Straight Edge

15~45°

90°

| PART NO. | TYPE | RECOMMENDED FOR |
|----------|-------------------------------------|----------------------------------|
| BAB1590 | Beveling Base | Pneumatic/Electric Polishers |
| BAB0650 | Surface Protection Tape 6in./164ft. | Use with Beveling Auxiliary Base |

| SPECIFICATIONS: | EQUIPMENT INCLUDED: |
|--------------------------------------|------------------------------|
| Beveling Angle..... 15-45° | • Universal Adapter Assembly |
| Beveling Depth 3/8" (10mm Max) | • Clamping Base for 15-45° |
| Straight Angle 90° | • Screws |
| Max Pad Size 4" (10mm) | • Clamping Base for 90° |
| Spindle..... 5/8"-11 | • Water Hose |
| Weight 3.57lbs (1.62kgs) | • Water Valve |
| | • Water Hose Assembly (3M) |
| | • Hex. Wrench (5mm) |
| | • Spanner |

SURFACE PROTECTION TAPE

Turboshine System

- PERFECT COMPANION WITH BEVELING AUXILIARY BASE. RECOMMENDED FOR GRANITE, ENGINEERED STONE/QUARTZ SURFACES, MARBLE, LIMESTONE, CRYSTALLIZED GLASS, PORCELAIN AND ULTRA COMPACT SURFACES

NATURAL AND ENGINEERED STONE
