

## DETERGENT FOR OIL TREATED PARQUET SURFACES

Super concentrated detergent for the daily cleaning of oil treated parquet and wood floors and surfaces.

## SURFACES

The product can be used on all oil treated parquet and wood surfaces.

## FEATURES

pH neutral detergent for a guaranteed, deep cleaning of the material without changing the original colour, it does not damage or leave residues and smudges on the floors. The cleaned surfaces maintain a long lasting pleasant intense pine scent. Due to its controlled foam formula, the surface does not require rinsing and can also be used on the automatic floor scrubbing machine.

## METHOD OF USE

**Daily cleaning:** dilute the product in water (10 ml for every 1lt of water) and proceed to wash floor with a micro fibre or cotton mop and let the floor dry completely. No need rinsing.

**Deeper cleaning:** dilute the product in water (up to 30 ml for every litre of water) and proceed to clean as indicated. Let the floor dry completely. No need rinsing.

1 dosing cap = 10ml

## ADVANTAGES

Highly concentrated formulation allows the product to be used in very-low doses. The foam-controlled formula makes the floor washing faster because it is not necessary to rinse. The reduced VOC assures the product safety when used indoor.

## ADVICE

Highly recommended for the daily cleaning of floor and surfaces. The product leaves a pleasant, intense long lasting pine fragrance.

## CHEMICAL PROPERTIES
